Request for New Court Date Due to
Not Receiving Notice

Damien Byrd, a real man, was not serviced notice of this complaint at a reliable address. The address is shared by up to 8 other people. I rarely check PO Box unless I am expecting mail. I was informed less than 24 hours ago of the complaint and court date. The person who informed me had received mail and due to our relationship didn't advise or provide me ~~me~~ with mail. Any documents put in on this case was used by noticing a PO Box and not a real person. Certificates of Service are VOID, due to mailing to a general PO Box shared by others. I ask for a New Date as I am not able to ~~after~~ attend 130pm Meeting, as I drove from South Carolina yesterday ~~to~~ to deliver this letter. As I have to drive back right after delivery of this notice. Thank you in advance
